

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

Grow Together. Earn Through the Network. Powered by Blockchain.

Welcome to **Flux Chain**, a blockchain-powered decentralized matrix ecosystem combining automated referral rewards, team growth, and community participation.

KEY HIGHLIGHTS

- **9-Level Working Matrix** — Referral-based income opportunities
- **5-Level Non-Working Auto Pool** — Community matrix participation without mandatory direct referrals
- **2×9 Binary Matrix** — Automatic placement and spillover system
- **3×5 Community Matrix** — Three-seat structure across five pools
- **Automatic Upgrades** — Progression through qualifying matrix allocations
- **USDT BEP-20** — Blockchain-based transactions
- **Smart Contract Automation** — Rule-based commission distribution
- **BNB Smart Chain** — Fast and affordable blockchain network

« ONE COMMUNITY. TWO INCOME SYSTEMS. UNLIMITED GROWTH POTENTIAL. »

⚠ Rewards depend on qualifying activity and matrix rules; earnings are not guaranteed.

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

No Manual Commission Calculation. Transparent On-Chain Records.

WHAT IS FLUX CHAIN?

A Decentralized Network Powered by Smart Contracts

Flux Chain is a blockchain-based membership platform designed to automate registration, referral tracking, matrix placement, upgrades, and reward distribution.

HOW IT WORKS

1. Connect a compatible Web3 wallet.
2. Register with a valid referral ID.
3. Activate your Placement Matrix membership.
4. Build your referral network and receive spillover placements.
5. Qualify for additional matrix levels and community pools.
6. Receive eligible USDT distributions according to smart-contract rules.

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

WHY BNB SMART CHAIN?

Fast. Affordable. Blockchain-Powered.

Flux Chain is designed to operate on **BNB Smart Chain** using **USDT BEP-20**.

KEY BENEFITS

- Low Network Transaction Costs
- Fast Blockchain Confirmations
- USDT-Based Participation
- Compatible Web3 Wallets
- Public Transaction Verification
- Smart-Contract-Controlled Membership Records

SUPPORTED WALLETS

- MetaMask
- Trust Wallet
- SafePal
- Binance Wallet
- WalletConnect (Compatible Wallets)

Technology Designed for Transparency.

TO START

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

REGISTRATION & START

REGISTRATION DETAILS

Registration Amount	:	30 USDT
Matrix Activation	:	Level 1 (Placement Matrix)
Network	:	BNB Smart Chain
Payment Token	:	USDT (BEP-20)
Activation	:	Instant (Smart Contract)

HOW TO REGISTER?

1. Connect Your Web3 Wallet
2. Click Register
3. Pay 30 USDT (BEP-20)
4. Get Activated in Level 1
5. Start Building Your Network

ONLY $30 USDT TO START YOUR FLUX CHAIN JOURNEY

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

REFERRAL INCOME

Invite Members. Build Your Network.

Flux Chain includes a referral commission system connected to member registrations and qualifying upgrades.

REGISTRATION REFERRAL

- Registration Price: **30 USDT**
- Referral Distribution: **30 USDT**

UPGRADE REFERRAL

Qualifying upgrades use a commission structure that includes a **50%** referral allocation before applicable fee treatment.

EXAMPLE

A **40 USDT** Level 2 upgrade has a nominal **20 USDT** referral allocation, subject to the contract's final fee and eligibility rules.

« Your Referral Network. Your Eligible Commissions. »

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

AUTOMATIC SPILLOVER SYSTEM

Your Network Can Grow Beyond Direct Referrals.

Flux Chain's placement system is designed to assign members into available matrix positions. When a member's direct seats are occupied, subsequent placements can move into deeper positions.

HOW SPILLOVER WORKS

1. Every member has two direct matrix seats.
2. Additional registrations are placed into eligible open positions.
3. Placement continues through the network structure.
4. Members may receive positions from their upline's network.
5. Matrix rewards depend on level eligibility and actual qualifying payments.

Two Referrals Can Start a Network. Growth Depends on Participation.

Spillover placement does not guarantee commissions or earnings.

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

PLACEMENT LEVELS & AUTOMATIC UPGRADES

Advance Through Nine Placement Levels

UPGRADE MECHANISM

- Members begin at **Placement Level 1.**
- Qualifying income can contribute toward the **next level.**
- Upgrade installments are tracked **on-chain.**
- Fully funded upgrades **activate** when eligibility conditions are met.
- Members can also **purchase** eligible upgrades directly.

« Higher Levels. Deeper Matrix Participation. »

Some levels require additional referral or community qualifications.

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

COMMUNITY MATRIX

One Global Community. Five Reward Pools.

The Community Matrix operates separately from the Placement Matrix. It uses a shared three-seat queue designed to distribute eligible payments across the community structure.

FIVE COMMUNITY POOLS

Pool	Entry (USDT)
Pool 1	100
Pool 2	600
Pool 3	3,600
Pool 4	21,600
Pool 5	129,600

COMMUNITY FEATURES

- Three-seat matrix
- Global placement queue
- Pool-based income allocation
- Automatic progression installments
- Five participation levels

« One Network. Shared Participation. »

FLUX CHAIN

DECENTRALIZED MATRIX ECOSYSTEM

COMMUNITY POOL REWARDS

Three Seats. Multipl.e Distribution Opportunities.

HOW DISTRIBUTION WORKS

- The first seat contributes a qualifying payment to its host.
- Additional seats support payments through the upper community structure.
- Some allocations are paid directly.
- Other allocations contribute toward higher pool activation.
- Pool 5 is the final community level.

COMMUNITY POOL INCOME EXAMPLES

Pool	Illus rated Cash Payout
Pool 1	1,300 USDT
Pool 2	7,800 USDT
Pool 3	46,800 USDT
Pool 4	280,800 USDT
Pool 5	2,462,400 USDT

These figures are theoretical full-cycle illustrations from the original TreeFlux plan, ***not guaranteed returns.*** The final Flux Chain implementation must verify these calculations after applying the ***8%*** fee and final distribution rules.

JOIN THE FLUX CHAIN ECOSYSTEM

Connect. Participate. Grow Together.

GETTING STARTED

1. Prepare your **Web3 wallet.**
2. Select **BNB Smart Chain.**
3. Keep **USDT BEP-20** ready.
4. Maintain sufficient **BNB** for network fees.
5. Connect your wallet to the **official platform.**
6. Register through a valid **referral link.**
7. Explore the **Placement** and **Community Matrix** systems.

Flux Chain — Powered by Code. Connected by Community.
